Niall

Sorry for my delay in reply. I too found our meeting useful as a 'catch-up' exercise for me, in advance of the meeting with Michael Wall to agree the way forward.

Obviously we have to place the proposals you put forward in a national context for FC - and this is being done later this month. So MW & I see a meeting early June at 1800 at our New Lanark office as the next step.

I will be away now for a fortnight till Tues 1 June, but will contact you when I return to sort out a date.

Thanks

Rena
